The Contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, service-disabled veterans, or any other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the Contractor. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
 - b. The Contractor, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, will state that such Contractor is an equal opportunity employer.
 - c. Notices, advertisements and solicitations placed in accordance with federal law, rule or regulation shall be deemed sufficient for the purpose of meeting these requirements.

2. The Contractor will include the provisions of Section a, b, and c above in every subcontractor purchase order over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

35. **Drug-Free Workplace:** During the performance of this contract, the Contractor agrees to (1) provide a drug-free workplace for the Contractor's employees; (2) post in conspicuous place, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the Contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition; (3) state in all solicitation or advertisement for employees placed by or on behalf of the Contractor that the Contractor maintains a drug-free workplace; and (4) include the provisions of the foregoing clauses in every subcontract or purchase order of over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

For the purposes of this section, "drug-free workplace" means a site for the performance of work done in connection with a specific contract awarded to a Contractor, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession or use of any controlled substance or marijuana during the performance of the contract.

36. **Assignment of Contract:** A contract shall not be assignable by the Contractor in whole or in part without the written consent of the County.
37. **Independent Contractor:** The Contractor and any employees, agents, or other persons or entities acting on behalf of the Contractor shall act in an independent capacity and not as officers, employees, or agents of the County.
38. **Scheduling and Delays:** The parties to any contract resultant of this solicitation acknowledge that all or part of the work to be performed hereunder may be delayed and extended at the option of the County. Such delays may be caused by delays, denials and modifications of the various state or federal permits, or for other reasons. The County shall not be required to pay any of the Contractor's direct or indirect costs, or claims for compensation, extended overhead, or other damage or consequential damages arising out of or related to any delays or interruptions required or ordered by the County. If the County delays the project for any reason for a continuous period of ninety (90) days or more, the County and Contractor will negotiate a mutually agreeable adjustment to the Contractor's award amount. Notwithstanding the above, in construction contracts, to the extent that an unreasonable delay is caused by the act or omissions of the County due to causes within the County's control, the above waiver or release shall not apply.
39. **Governing Law:** This Agreement is made, entered into, and shall be performed in the County of Isle of Wight, Virginia, and shall be governed by the applicable laws of the Commonwealth of Virginia without regard to its conflict of law rules. In the event of litigation concerning this Agreement, the parties agree to the exclusive jurisdiction and venue of the Circuit Court of the County of Isle of Wight, Virginia; however, in the event that the federal court has jurisdiction over the matter, then the parties agree to the exclusive jurisdiction and venue of the U.S. District Court for the Eastern District of Virginia, Norfolk Division.

The Contractor shall not cause a delay in services because of the pending or during litigation proceedings, except with the express, written consent of the County or written instruction/order from the Court.

40. **Severability**: If any provision of this contract or the application thereof to any person or circumstances shall to any extent be invalid or unenforceable, the remainder of this contract, or the application of such provision to persons or circumstances other than those which it is invalid or unenforceable, shall not be affected hereby, and each provision of this contract shall be valid and enforced to the full extent permitted by law.

41. **Termination for Convenience**: The County may at any time, and for any reason, terminate this Contract by written notice to Contractor specifying the termination date, which shall be not less than thirty (30) days from the date such notice is mailed.

Notice shall be given to Contractor by certified mail/return receipt requested at the address set forth in Contractor's Bid Proposal or as provided in this Contract. In the event of such termination, Contractor shall be paid such amount as shall compensate Contractor for the work satisfactorily completed, and accepted by the County, at the time of termination. If the County terminates this Contract, Contractor shall withdraw its personnel and equipment, cease performance of any further work under this Contract, and turn over to the County any work completed or in process for which payment has been made.

42. **Termination for Cause**: In the event that Contractor shall for any reason or through any cause be in default of the terms of this Contract, the County may give Contractor written notice of such default by certified mail/return receipt requested at the address set forth in Contractor's Bid/Proposal or as provided in this Contract.

Unless otherwise provided, Contractor shall have ten (10) days from the date such notice is delivered, whether electronic, by mail, or in person, in which to cure the default. Upon failure of Contractor to cure the default, the County may immediately cancel and terminate this Contract as of the delivery date, whether electronic, US Mail, or by hand, of the default notice.

Upon termination, Contractor shall withdraw its personnel and equipment, cease performance of any further work under the Contract, and turn over to the County any work in process for which payment has been made. In the event of violations of law, safety or health standards and regulations, this Contract may be immediately cancelled and terminated by the County and provisions herein with respect to opportunity to cure default shall not be applicable.

43. **Contact Prohibition**: Direct contact with County departments other than Purchasing, on the subject of this bid, is expressly forbidden except with the foreknowledge and permission of the Contract Officer. Violation may result in a determination that your firm is ineligible for an award.

All questions shall be in writing to the Contract Officer shown on the title page of the bid. The respondents to this IFB shall not contact, either directly or indirectly, any other employee or agent of the County regarding this IFB. This prohibition shall also extend to the County Board of Supervisors and locally elected officials. Any such unauthorized contact may disqualify the bidder from this procurement.

44. **Additional Conditions**: The Conditions and Instructions in this solicitation are intended to apply to the resulting contract and shall supersede any conflicting terms offered. Any additional conditions a bidder intends be considered must be submitted with the bid and noted as an exception. Such exceptions may result in a finding that the submittal is 'non-responsive' to the bid, negating possibility of an award to that bidder. Contractual documents submitted by the successful firm after an award will not be accepted.

45. **Contractor Failure to Perform**: Failure of the Contractor to perform the contract by reason of the County's non-acceptance of additional conditions submitted after the award shall result in termination of the contract by the County and may result in debarment of the Contractor for a period of up to three (3) years. Termination and /or debarment of the Contractor shall not constitute a waiver by the County of any other rights or remedies available to the County by law or contract.
46. **Conflict**: In the event of a conflict between the contract documents, including these Conditions and Instructions, and the terms of a purchase order, or related document issued by Purchasing, the contract documents shall control.
47. **Records and Inspection**: The Contractor shall maintain full and accurate records with respect to all matters covered under this contract, including, without limitation, accounting records, written policies, procedures, time records, telephone records, and any other supporting evidence used to memorialize, reflect, and substantiate charges or fees related to this contract. The Contractor's records shall be open to inspection and subject to audit and/or reproduction, during normal working hours, by the County and its employees, agents or authorized representatives after giving at least three (3) days' notice to the Contractor by the County. The County shall have access to such records from the effective date of this contract, for the duration of the contract, and for five (5) years after the date of final payment by the County to the Contractor pursuant to this contract or any renewal or extension of this contract. The County's employees, agents or authorized representatives shall have access to the Contractor's facilities, shall have access to all necessary records and shall be provided adequate and appropriate workspace, in order to conduct audits.
48. **Rights and Remedies Not Waived**: In no event shall the making by the County of any payment to the Contractor, or the waiver by the County of any provision under this contract including any obligation of the Contractor, constitute or be construed as a waiver by the County of any other provision, obligation, breach of covenant, or any default which may exist under this contract on the part of the Contractor, and the making of any such payment by the County while any such breach or default exists shall not impair or prejudice any right or remedies available to the County.
49. **Entire Agreement**: This contract and any additional or supplementary documents incorporated herein by reference contain all the terms and conditions agreed upon by the parties hereto, and no other agreements, oral or otherwise, regarding the subject matter of this contract or any part thereof shall have any validity or bind any of the parties hereto. This contract shall not be modified, altered, changed or amended unless in writing and signed by the parties hereto.
50. **Conflicts of Interests**: Contractor shall not accept or receive commissions or other payments from third parties for soliciting, negotiating, procuring, or effecting insurance on behalf of the County.
51. **Responsibility of Contractor**: The Contractor shall, without additional costs or fee to the County, correct or revise any errors or deficiencies in his performance. Neither the County's review, approval or acceptance of, nor payment for any of the services required under this Agreement shall be deemed a waiver of rights by the County, and the Contractor shall remain liable to the County for all costs which are incurred by the County as a result of the Contractor's negligent performance of any of the services furnished under this Agreement.
52. **Changes and Additions**: It shall be the responsibility of the Contractor to notify the County, in writing, of any necessary modifications or additions in the Scope of this Agreement. Compensation for changes or additions in the Scope of this Agreement will be negotiated and approved by the County, in writing.

It is understood and agreed to by both the County and the Contractor that such modifications or

additions to this Agreement shall be made only by the full execution of the County's standard Agreement change order form. Furthermore, it is understood and agreed by both parties that any work done by the Contractor on such modification or addition to this Agreement prior to the County's execution of its standard Agreement change order form shall be at the total risk of the Contractor and said work may not be compensated by the County.

53. **Debarment Status:** By submitting a bid, bidders certify that they are not currently debarred by the Commonwealth of Virginia from submitting bids or proposals on contracts for the type of goods and/or services covered by this solicitation, nor are they an agent of any person or entity that is currently so debarred.
54. **Safety:** All Contractors and subcontractors performing services for the County are required and shall comply with all Occupational Safety and Health Administration (OSHA), State and County Safety and Occupational Health Standards and any other applicable rules and regulations. Also, all Contractors and subcontractors shall be held responsible for the safety of their employees and any unsafe acts or conditions that may cause injury or damage to any persons or property within and around the work site area under this contract.
55. **License Requirement:** All firms doing business in the County of Isle of Wight are required to be licensed in accordance with the County of Isle of Wight business license ordinance. Wholesale and retail merchants without a business location in the County of Isle of Wight are exempt from this requirement. Any questions concerning business licenses should be directed to the Commissioner of the Revenue's Office.
56. **Contractor's Form:** In cases where the County may accept the Contractor's form agreement, whereas certain standard clauses that may appear in the Contractor's form agreement cannot be accepted by the County, and in consideration of the convenience of using that form, and this form, without the necessity of negotiating a separate contract document, the parties hereto specifically agree that, notwithstanding any provisions appearing in the attached Contractor's form contract, the County's contract addendum shall prevail over the terms of the Contractor's agreement in the event of a conflict.
57. **Contract Quantities:** The quantities specified in the Invitation for Bid are estimates only unless otherwise clearly noted and are given for the information of bidders and for the purpose of bid evaluation. They may not indicate the actual quantity that will be required, since such volume will depend upon requirements that may develop during the contract period. Quantities shown shall not be construed to represent any amount which the County shall be obligated to purchase under the contract or relieve the Contractor of his obligation to fill all orders placed by the County, except as clearly noted. To make determination of low bid these quantities shall be used.
58. **Bidder Qualifications:** Only bids from established contractors for work similar in scope to work herein shall be considered; the County reserves the right to request specific reference information prior to award. Bidder shall demonstrate that he has adequate and appropriate manpower, tools and equipment to respond and perform in accordance with the provisions herein.

The County may, at its option, disqualify a bidder and reject his bid for cause. Reasons deemed to be sufficient for this action shall include, but not be limited to, the following:

- Evidence of collusion among bidders.
- Receipt of more than one bid on any project from an individual, or from a corporation.
This restriction does not apply to subcontractors

- Default on any previous contract.
 - For unreasonable failure to complete a previous contract within the specified time or for being in arrears on an existing contract without reasonable cause for being in arrears.
 - Inability to perform as revealed by an investigation of the Bidder's financial statement, experience and/or plant and equipment.
 - Contractor does not meet project-specific requirements, as identified in the Contract Documents.
59. **Competition Intended**: It is the County's intent that the Invitation for Bid (IFB) permits competition. It shall be the bidder's responsibility to advise the Buyer in writing if any language requirement, specification, etc., or any combination thereof, inadvertently restricts or limits the requirements stated in this IFB to a single source. Such notification must be received by the Contract Officer prior to the date set for bids to close.
60. **Value Engineering**: The purchasing agent may provide for incentive contracting that offers a Contractor whose bid is accepted, the opportunity to share in any cost savings realized by the locality when the projects costs are reduced by such Contractor, without affecting project quality, during the construction of the project. The fee, if any, charged by the project engineer or architect for determining such cost savings shall be paid as a separate cost and shall not be calculated as part of any cost savings. Such provisions, including the percentage of cost sharing, shall be included in the language of the contract or may be added by change order with the agreement of both parties.
61. **Default on Taxes**: The County reserves the right to withhold payment to any contractor that is in arrears, or in default to the County on any debt or Contract, or that has defaulted as a surety, or otherwise on any obligation to the County.
62. **Faster Payments**: The County prefers to make payment with the County's Purchasing Card, or by direct deposit (EFT). If you are willing to use either of these methods for faster turnaround of payments to your firm, please register at one, or both of the following sites:

INSURANCE REQUIREMENTS

The Contractor shall comply with the insurance requirements set forth in the Contract, including the items set forth below:

- A. Neither the Contractor nor any subcontractor shall commence work under this Contract until the Contractor has obtained and provided proof of the required insurance coverages to the County, and such proof has been approved by the County. The Contractor confirms to the County that all subcontractors have provided Contractor with proof of such insurance or will do so prior to commencing any work under this Contract.

- B. Contractor, including all subcontractors, shall, at their sole expense, obtain and maintain during the life of this Contract the insurance policies and/or coverages required by this section. The County and its officers, employees, agents, assigns, and volunteers shall be added as an additional insured to the general liability and automobile coverages of any such policies and such insurance coverages shall be primary and noncontributory to any insurance and/or self-insurance such additional insureds may have. The Contractor shall immediately notify in writing the County of any changes, modifications, and/or termination of any insurance coverages and/or policies required by this Contract. The Contractor shall provide to the County with the signed Contract an Acord certificate of insurance which states in the description of operations section one of the two paragraphs below:

- (1) The County and its officers, employees, agents, assigns, and volunteers are additional insureds as coverage under this policy includes ISO endorsement CG20 33 which provides that the insured status of such entities is automatic if required by a contract or a written agreement. If additional insured status is automatic under a different coverage form, Contractor must attach a copy of the coverage form to its certificate. Any required insurance policies shall be effective prior to the beginning of any work or other performance by Contractor and any subcontractors under this Contract.

OR

- (2) ISO endorsement CG 20 10 will be issued, prior to the beginning of any work or other performance by Contractor under this Contract, to the County and its officers, employees, agents, assigns, and volunteers naming them as an additional insured under the general liability coverage. A copy of the binder confirming the issuance must be attached to the certificate. Any required insurance policies shall be effective prior to the beginning of any work or other performance by Contractor and any subcontractors under this Contract.

However, if B (1) or (2) cannot be provided, the County's Attorney, in such Attorney's sole discretion, may approve such other certificate of insurance or insurance document(s) that the Attorney deems acceptable.

- C. The minimum insurance policies and/or coverages that shall be provided by the Contractor, including its subcontractors, include the following:

- (1) Commercial General Liability: \$1,000,000.00

\$1,000,000.00 General Aggregate Limit (other than Products/Completed Operations).

\$1,000,000.00 Products/Completed Operations Aggregate Limit.

\$1,000,000.00 Personal Injury Liability (including liability for slander, libel, and defamation of character).

\$1,000,000.00 each occurrence limit.

- (2) Automobile Liability: \$1,000,000.00 combined single limit with applicable endorsement to cover waste cargo.
- (3) Workers' Compensation and Employer's Liability: Workers' Compensation: statutory coverage for Virginia Employer's Liability:
 - \$100,000.00 Bodily Injury by Accident each occurrence
 - \$500,000.00 Bodily Injury by Disease Policy Limit.
 - \$100,000.00 Bodily Injury by Disease each employee.
- (4) Errors and Omissions coverage in an amount of not less than \$1,000,000 per occurrence and in the aggregate. Coverage may be written on an occurrence or claims made coverage form. However, if a claim made coverage form issued, coverage must remain in effect for a minimum of 3 years after the Contractor's work is concluded.
- (5) The required limits of insurance for this Contract may be achieved by combining underlying primary coverage with an umbrella liability coverage to apply in excess of the general and automobile liability policies, provided that such umbrella liability policy follows the form of the underlying primary coverage.
- (6) Such insurance policies and/or coverages shall provide for coverage against any and all claims and demands made by a person or persons or any other entity for property damages or bodily or personal injury (including death) incurred in connection with the services, work, items, and/or other matters to be provided under this Contract with respect to the commercial general liability coverages and the automobile liability coverages. With respect to the workers' compensation coverage, Contractor's and its subcontractors' insurance company shall waive rights of subrogation against the County and its officers, employees, agents, assigns, and volunteers.
- (7) Contractor shall provide such other insurance policies and/or coverages that may be required by other parts of this Contract. If required by the Contract, such policies and/or coverages could include, but are not limited to, Errors and Omissions/Professional Liability, Crime/ Fidelity, Environmental and/or Pollution, Builder's Risk, Umbrella/Excess.

D. Proof of Insurance Coverage:

- (1) Contractor shall furnish the County with the above required certificates of insurance showing the type, amount, effective dates, and date of expiration of the policies.
- (2) Where waiver of subrogation is required with respect to any policy of insurance required under this Section, such waiver shall be specified on the certificate of insurance.

E. Insurance coverage shall be in a form and with an insurance company approved by the County, which approval shall not be unreasonably withheld. Any insurance company providing coverage under this Contract shall be authorized to do business in the Commonwealth of Virginia.

- F. The Contractor's insurance policies and/or coverages shall not contain any exclusions for the Contractor's subcontractors.
- G. The continued maintenance of the insurance policies and coverages required by the Contract is a continuing obligation, and the lapse and/or termination of any such policies or coverages without approved replacement policies and/or coverages being obtained shall be grounds for termination of the Contractor for default.
- H. Nothing contained in the insurance requirements is to be construed as limiting the liability of the Contractor, and/or its subcontractors, or their insurance carriers. The County does not in any way represent that the coverages or the limits of insurance specified are sufficient or adequate to protect the Contractor's interest or liabilities but are merely minimums. The obligation of the Contractor, and its subcontractors, to purchase insurance shall not in any way limit the obligations of the Contractor in the event that the County or any of those named above should suffer any injury or loss in excess of the amount actually recoverable through insurance. Furthermore, there is no requirement or obligation for the County to seek any recovery against the Contractor's insurance company before seeking recovery directly from the Contractor.
