RE: Notice of Intent to Award
IFB #23-4510-083, Route 10 Water Main Extension – Phase II

Mr. Peters,

It has been determined that your firm is the lowest responsive and responsible bidder on the subject project. Your bid has been evaluated and we accept your alternative proposal in the amount of \$2,499,999. This letter shall serve as Notice of Intent to Award this project to your firm, Peters & White Construction, pending final board action.

After the requisite ten-day notice of intent period, we will provide you with the Notice of Award. At that time, please provide the required contractor documents as outlined in the Invitation to Bid document. You will have ten days to remit those documents to us. During that time, the project manager, Don Jennings, will reach out to you to begin coordination of the project.

After the project manager has indicated his approval and the requisite documents are in place, but no sooner than ten days after the Notice of Intent to Award, we will issue a Notice to Proceed and Purchase Order. No work should commence until you have received a Purchase Order or applicable Change Order Purchase Order reflecting our acceptance and agreement of the work to be performed.

We look forward to working with you on this project. Should you have any further questions or need assistance in any way please let me know.

Sincerely,

Erin Wishall
Purchasing Agent
